BULTUM ACADEMY MISSION

Bultum Academy is a high-performing K-8 charter school that meets the academic and socioemotional needs of students by providing an enriching and focused learning environment in science, technology, engineering and math, and a positive school culture supported by family partnerships.

Bultum Academy will work to confront the achievement gap and the educational inequity that low-income and marginalized students face by meeting or exceeding the performance levels of the nation's best traditional and charter schools. At Bultum Academy we believe that achievement gaps are not a given, they can be reduced or closed.
