

APRIL NEWSLETTER

Bultum Academy

Welcome to Spring

Time is flying, and so are we! April has been a whirlwind of activity, growth, and student success here at Bultum Academy. From statewide MCA testing for our amazing 3rd–7th graders to launching our brand-new Media Club Morning Announcements, our halls have been buzzing with energy and pride! But that’s not all—we’ve also been hard at work capturing memories for our first-ever yearbook project! Our students have been learning the behind-the-scenes magic of storytelling, photography, and design. We can’t wait to share the finished product with you soon!

As the flowers bloom and the weather warms up, we’re blooming right alongside them—with learning, laughter, and leadership. This newsletter is packed with updates, highlights, and joyful moments from the month of April. So grab a comfy seat, sip something warm or cool (your choice!), and enjoy a peek into life at Bultum Academy! Let’s spring into the rest of the school year with pride and positivity!

Whats Included

- MCA Testing
- School Yearbook
- Career Day
- CS Training

MCA TESTING

April was all about focus and determination as our 3rd–7th graders tackled the MCA tests! We are so proud of our students for showing grit and perseverance. Thank you to our teachers and staff for creating such a supportive testing environment—snacks, smiles, and all!

MEDIA CLUB & YEARBOOK MAGIC

This month, our Media Club officially launched its Morning Announcements, and it's been a total hit! Every morning, our student leaders bring school news, , shout-outs, and fun facts straight to their peers. From working behind the camera to speaking with confidence on the mic, our media stars are building skills in communication, technology, and teamwork. We're so proud of their creativity and leadership!

Meanwhile, the Yearbook Team has been hard at work capturing the heart and soul of Bultum Academy. With cameras in hand and creativity flowing, students have been documenting classroom activities, special events, and everyday joy. They're learning about layout design, photo editing, interviewing, and storytelling all while preserving precious memories for the entire school to enjoy.

CAREER DAY

What a day to dream big! Our Career Day was a huge success, with special guests from a wide range of professions scientists, engineers, artists, and more sharing their stories and inspiring our students. It was a powerful reminder that our scholars can become anything they set their minds to. Thank you to all the professionals who took the time to invest in our future leaders!

COMPUTER SCIENCE TRAINING

As part of our exciting Computer Science Grant from the Minnesota Department of Education (MDE), our Computer Science team has been participating in weekly training sessions packed with valuable learning and collaboration. These trainings have been incredibly informative, focusing on how we can bring high-quality, engaging computer science instruction to our students.

As April comes to a close, we're filled with pride for all the growth, learning, and creativity we've seen this month.

Here's to finishing the school year strong—together, inspired, and unstoppable!
